H.no:1-7-159/B/1D Metpally, Dist: Jagitial

TECHNICAL SKILLS

1. Programming

Languages: Python

2. Web Technologies:

HTML, CSS, Bootstrap

3. ML/AI Algorithms:

Decision Tree,

Random Forest

4. Tools and IDEs: VS

code, Git hub

LANGUAGE

English

Telugu

Hindi

CERTIFICATION

1.Build Your Own Static

Website – NxtWave CCBP

4.0 Academy: Built

responsive static web

pages using HTML5, CSS3,

and Bootstrap.

2.Build Your Own

Responsive Website –

NxtWave CCBP 4.0

Academy: Designed and

developed responsive

websites using Bootstrap

and Flexbox for mobile

and desktop

compatibility.

PROFILE

Motivated B.Tech CSE-AI student at Parul University, passionate about Data Science and Artificial Intelligence. Eager to apply machine learning expertise and full-stack development skills to solve real-world problems and contribute to innovative data-driven solutions.

EDUCATION

PARUL Institute of Engineering and Technology

2023 – 2027

Bachelor of Technology (Computer Science and Engineering-AI)

6.25 GPA

Sri Chaithanya Junior College

2021 – 2023

Intermediate board of Telangana

84% percentage

Sri Chaithanya Techno School

2020 – 2021

SSC board of Telangana

10 GPA

PROJECTS

1.AI-Powered Insurance Risk Intelligence Platform with Chatbot Assistant

- Built an end-to-end AI platform to assess and predict insurance risk levels for customers using ensemble ML models.
-
- Implemented Decision Tree, Random Forest, and Logistic Regression algorithms achieving up to 75% prediction accuracy.
-
- Developed an intelligent chatbot assistant to help users understand risk assessments and policy recommendations.
-
- Designed a full-stack application with Python backend and React.js frontend for seamless user experience

EXPERTISE

Open-mindedness

Willingness to learn

Communication Skills
